

## QUESTIONNAIRE

concerning the issuance of amateurs' certificates and licences in electronic format

Each CEPT Administration is invited to express their opinions on the following issues:

1. Does your Administration take into consideration the issuance of the amateurs' certificates and licences in electronic format? If yes, please provide further information.

No

Details:

2. Does your Administration agree with such an electronic format, and even if you do not intend to use it, will your Administration recognize such documents issued by other CEPT Administrations? If yes, please provide further information.

Yes

Details:

In case of doubt we will contact the respective administration.

3. In your opinion, what is the file format that is more suited for issuing these documents in electronic format? Furthermore, what document security method do you consider is more appropriate? Please provide a short description of the advantages offered by them.

☐ Yes

☐ No

Details:

A digitally signed pdf file seems to be the best solution.

4. In your opinion, could it be useful to include a QR code in the electronic format? If you deem such a code a good idea, please suggest alternative barcodes that could be included.

No

Details:

--

5. Does your Administration support this initiative at CEPT level, for the migration to digitally signed documents to be accomplished in a timely and effective manner?

No

Details:

The format of the licences should remain a decision of each Administration and the electronic format should be optional.
