

	<p style="text-align: center;"><b>6<sup>th</sup> CEPT Workshop</b>  <b>on European Spectrum Management and Numbering</b></p> <p style="text-align: center;"><b>3 September 2019</b></p>
---	---

The European Communications Office (ECO) is pleased to announce the 6<sup>th</sup> edition of the CEPT workshop on “European Spectrum Management and Numbering” which will take place at the ECO’s premises in Copenhagen **3 September 2019**. The workshop will start at 09.30 (registration from 09.00) and will end no later than at 17.00.

This workshop is specifically designed for newcomers to the area of regulations for electronic communications, both working for national regulators and in the industry, as well as for those who would like to broaden their knowledge of modern regulation of spectrum management and numbering in Europe.

The workshop will focus on the following themes:

- Why CEPT/ECC?
- Getting familiar with the ECC, its structure and its working process.
- Introduction to the European spectrum regulatory framework - The respective roles of the ECC, ETSI and the European Commission - who does what?
- The current topics and trends in spectrum and numbering in Europe.
- The role of the ECO, who are we, what can you get from us?

If you are planning to attend the meeting you are kindly requested to register as soon as possible and no later than **23 August 2019** at:

[Registration link](#)

Further information, including the detailed programme of the workshop will be made available at:

[Workshop page](#)

**Location:**

**ECO**  
European Communications Office  
Nyropsgade 37, 4<sup>th</sup> floor  
1602 Copenhagen  
Denmark
