Program of Cooperation
in telecommunications and information and communication technologies
between
the Regional Commonwealth in the field of Communications (RCC) and the European
Conference of postal and Telecommunications Administrations (CEPT)
for the period of 2019-2024

In considering the dynamic development of information and communication
technologies in the countries of regional organizations, and the importance of promoting
the use of advanced information and communication technologies and harmonising the
actions of ITU Members in both regions, particularly in the field of radiocommunication,
telecommunication standardization and telecommunication development matters,

the parties agreed to continue the cooperation as per the Memorandum of
Understanding between RCC and CEPT, signed on 01 October 2002 in Marrakesh,
Morocco, within their competence, confirming the commitment to the World Summit on
the Information Society decisions (WSIS), International Telecommunication Union (ITU)
decisions, in the following areas:
